CSA Implementation

Dear Neal, Dear Gordon,

As of last week Auto-Camping Ltd. is CSA approved.

I would like to take this opportunity to thank both of you for guiding us through the application process. Your support throughout the entire project, including the PIP implementation, was exemplary.

I wish that previous projects that we have done with other consulting companies would have gone as smoothly as this one. I attribute this to your high level professionalism and your attention to detail.

Thanking you sincerely,

Thomas Seidel  
Managing Director
